

How to Log Into PeopleSoft Self Service

Last Modified on 04/09/2024 12:18 pm PDT

1. In order to log into the PeopleSoft Self Service web page you will need your EUSD email password, your PeopleSoft password (also called your 'payroll password'), and your 6 digit employee ID number. Create a [web help desk ticket](#) if you need help resetting either password.
2. Log into your PeopleSoft account by opening a browser tab and navigating to: [eusd.org](#) > Teachers & Staff > Departments, Divisions, Directory > Payroll: Visit Website. Or click the following link: <https://sites.google.com/a/eusd.org/eusd-bserv/fiscal-services/payroll>

At this point, if you are not currently logged into your EUSD Google account you will be asked to do so using your EUSD email address and your EUSD email address password.

3. You will now be on the EUSD Payroll webpage.

Scroll the page down and click the 'View your paycheck stub' link.

▪ [View your paycheck stub](#)

- [Employee Self Service](#). Please refer to this short [video](#) for a preview of the portal.
- Is this your first time logging in? [Learn how to log in to Employee Self Service.](#)
- Need help viewing Paycheck Stubs? [Here's how.](#)

3. Log into PeopleSoft using your 6-digit employee ID number and your PeopleSoft/payroll password. **This password is NOT associated with your EUSD email password.**

You will also see a 'Forgot My Password' link. This is the link you will use in the future if you forget your PeopleSoft/payroll password. **You can only use this link if you have already set up a security question and answer.**

Still can't log in? Please contact your district's PeopleSoft System Administrator.

Announcements

This link can only be used if you have already set up a security questions and answer.

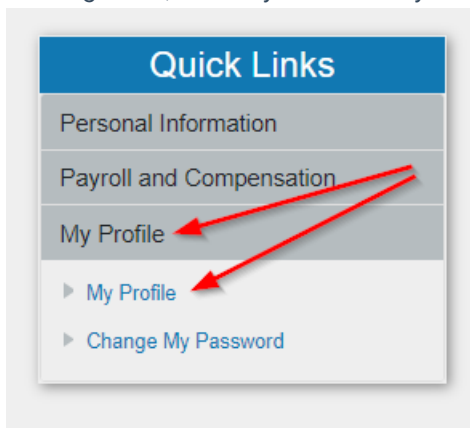

If you forget your PeopleSoft Self Service password but have set up a security question and answer.

You can reset your PeopleSoft password yourself **if you have already set up a security question and answer.** Just click the 'Forgot My Password' link shown above. You will be sent an email with your security question for you to answer.

If you forget your PeopleSoft Self Service password and have NOT set up a security question and answer.

Since you do not remember your PeopleSoft password and you have not setup your security question yet, you will need to put in a [web help desk ticket](#) and request a 'PeopleSoft/payroll password' reset. Once reset, you can follow this guide to setup your security question and answer.

1. Follow the steps at the beginning of this guide and log into PeopleSoft with your newly reset password. Once signed in, click 'My Profile' > 'My Profile'.

2. Click 'Change or set up forgotten password help'
